

## **AMENDMENTS TO THE CLAIMS**

**This listing of claims will replace all prior versions and listings of claims in the application:**

### **LISTING OF CLAIMS:**

1. (currently amended): An antique style decorative sheet comprising a base sheet and a transfer foil comprising at least a release base layer, a resin coat layer, and an adhesive layer provided on one surface thereof, wherein the resin coat layer is scraped partly or entirely, a pigment-containing release coat layer is laminated between the release base layer and the resin coat layer.

2. (original): The antique style decorative sheet according to claim 1, wherein the resin coat layer comprises at least one selected from the group consisting of an acrylic resin, a urethane-based resin and a polyester-based resin.

3. (canceled).

4. (currently amended): An antique style decorative laminate in which a substrate and a decorative sheet comprising a base sheet and a transfer foil comprising at least a release base layer, a resin coat layer, and an adhesive layer provided on one surface thereof are laminated with each other, wherein the resin coat layer is scraped partly or entirely, and a pigment-containing release coat layer is laminated between the release base layer and the resin coat layer.

5. (original): The antique style decorative laminate according to claim 4, wherein the resin coat layer comprises at least one selected from the group consisting of an acrylic resin, a urethane-based resin and a polyester-based resin.

6. (canceled).

7. (previously presented): The antique style decorative sheet according to claim 2, wherein the resin coat layer is laminated using a transfer foil.

8. (previously presented): The antique style decorative laminate according to claim 5, wherein the resin coat layer is laminated using a transfer foil.

9. (new): The antique style decorative sheet according to claim 1, wherein the release coat layer contains a pigment in an amount of 1 to 50% by weight based on the weight of the release coat layer.

10. (new): The antique style decorative sheet according to claim 2, wherein the release coat layer contains a pigment in an amount of 1 to 50% by weight based on the weight of the release coat layer

11. (new): The antique style decorative laminate according to claim 4, wherein the release coat layer contains a pigment in an amount of 1 to 50% by weight based on the weight of the release coat layer.

12. (new): The antique style decorative laminate according to claim 5, wherein the release coat layer contains a pigment in an amount of 1 to 50% by weight based on the weight of the release coat layer.
